Outside, a traditional Arish house has been built on the English lawn. As much an architecture exhibition as art, the focus of the palm leaves is mainly a practical one. We are reminded that they are light to transport, strong enough to survive the desert but, when used as a wall, can allow a breeze of air to slip through.

### **ARISH PALM LEAF ARCHITECTURE PDF - Amazon S3**

Arish refers to a structure that was built entirely out of date palm using the same techniques that desert dwellers employed 7,000 years ago. In addition to being a renewable resource, palm leaves permit a great deal of natural ventilation that brings interior temperatures down by a whopping 30 degrees. They are also remarkably stable.
