The North Fork of the White is Missouri's trout river. Sure, other Missouri waters have trout. The Current, Eleven Point, Niangua and Meramec are all exceptional trout fisheries, and Taneycomo, which is actually classified as a lake, is one of the top trout fisheries in the country, but the North Fork is special. It's our state's equivalent to western trout fishing.

North Fork of the White River offers Exceptional Trout ...

The White River is a Missouri River tributary that flows 580 miles (930 km) through the U.S. states of Nebraska and South Dakota. The name stems from the water's white-gray color, a function of eroded sand, clay, and volcanic ash carried by the river from its source near the Badlands. Draining a basin of about 10,200 square miles (26,000 km²), about 8,500 square miles (22,000 km²) of which is ...
