The larger narrative of Gill's Embattled Ecumenism, rendered in excruciating detail, begins with the Federal Council of Churches and intensifies after World War II with the formation of the National Council of Churches during a snowstorm in Cleveland in 1950. After an initial false step—she traces the liberal-evangelical divide in American Protestantism to the fundamentalist-modernist controversy of the 1920s rather than to divergent responses to social changes late in the 19th century ...
