Just purchased a Miele WS 5425, on collection it turns out that it is a 2 phase machine. My question is :-a). Can I use a 3 phase to single phase inverter to run the machine, if so what is the motor power rating (it's not mentioned in the manual), so not sure what inverter I would need.

Good Morning, I have a Miele Professional WS5425 MC7. It has stopped only minutes into the cycle (60 Degrees). The display is blank. This is the second time this has happened. The first time the cycle continued sporadically over the next 8 hours until it finished as normal. The exit / drain filter has been cleaned.
