Multi-stop trucks (also known as walk-in delivery or step vans) are a type of light-duty and medium-duty truck created for local deliveries to residences and businesses. They are designed to be driven either sitting down or standing up, and often provide easy access between the driver and goods, hence the name "walk-in delivery" van.

Step van trucks are divided into light duty and medium duty categories depending on the design and the application. For example, Ford is a leader in the light duty space with its E350 range, which may hold a bit less cargo than larger alternatives but make up for that fact with some extra agility and efficiency.

Repeat the steps to replace the other 3 shock absorbers, if necessary. Most of the shocks should wear out at the same time, so if you're going to do one, you're probably going to end up doing them all. Do in following the same steps and then put the wheels back on and tighten the lug nuts to finish the job.

Set a timer for 10 minutes. This is the maximum amount of time that a match can go on, so set a timer before you play the first game. Each game may only last for a minute or 2, but you may play multiple games to decide the overall winner of the match. Another option is to decide the winner based on the number of games won, such as the first team to win 3 games, or the team that wins the most ...
